2D	

Projects

DREAM DESTINATION
https://dream-destination-f64f9.web.app/

It is a demo e-commerce full-stack online travel agency related website. I have listed below some features of it.

• Any one can book a travel place.
• Authentication System
• Different type of view for admin and user.
• User and Admin can sign up and log in to this website using google.
• User can see his/her all booked destination.
• There is a dashboard for admin by which admin can add, update and delete places for showing users.
• Admin also can delete users destination.
• Admin can set destination status. -user can review the system.
• User also see the all reviews
Code:**https://github.com/Aporbo/Dream-destination-client**

COVID-19 TRACKER
https://covid19-tracker-byaporbo.web.app/
